

Emergency Response Procedures The Regent School Abuja

Evacuation: Protects individuals in situations where remaining in the building poses a risk, such as in the event of a fire or bomb threat. Should evacuation of the campus be required, the Head of Security/ CSO will lead all individuals through Gate 3 to the secure location off campus.

Lock Down: Protects individuals from an immediate threat such as an armed assailant/Active shooter or attack on the campus.

Safe Haven: Protects individuals from an impending threat such as an imminent mob attack or civil disturbance, where school members have time to move to and lock down in the secure campus location.
