Overall, "The Class of 2017" achieved excellent results. **97% percent of the students earned an A*, A or B grade. With a significant rise in the average number of subjects offered by our candidates, a remarkable 90 % of them achieved A* to C grades in 5 subjects or more. More than one-third of the total number of grades achieved were A*s and A grades, with an amassed total of these elite grades surpassing that of any previous set of results.**

The Regent Secondary School community is rightfully proud of the achievements of the Class of 2017. In an environment where we focus on providing a wholistic education, our pupils undoubtedly excel in the field of academics. The impressive results of our students justify their consistent quest for excellence achieved through hard work. We acknowledge and congratulate our diligent academic staff and parents for the stellar role they played in ensuring that all pupils work towards realising their full potential.

The Regent Secondary School remains committed to achieving "excellence in everything we do," and look forward to maintaining the highest academic standards!

Respectfully yours,

Prof. Dr. George A. Hickman
